

CONFLICT MINERALS POLICY

1. Purpose

Stylgame Srl is committed to conducting its business in an ethical, socially responsible, and environmentally sustainable manner. As part of this commitment, we support international efforts to prevent the use of conflict minerals that directly or indirectly finance or benefit armed groups in conflict-affected and high-risk areas. This policy has been adopted in response to customer requirements and in alignment with applicable regulations, including Section 1502 of the U.S. Dodd-Frank Act and related OECD guidelines.

2. Scope

This policy applies to minerals and derivatives commonly referred to as "3TG":

- Tin (Sn)
- Tantalum (Ta)
- Tungsten (W)
- Gold (Au)

These minerals are sometimes associated with armed conflict when sourced from certain regions.

3. Company Position

Stylgame Srl designs and manufactures seating solutions for casinos and other commercial environments. Our products primarily consist of metal structures (iron and steel), upholstery materials, and mechanical components. Stylgame Srl does not intentionally source conflict minerals from conflict-affected regions and does not directly purchase raw minerals from mines or smelters. As a downstream manufacturer, we rely on our suppliers to provide materials that comply with applicable conflict minerals regulations.

4. Supplier Expectations

Stylgame Srl expects its suppliers to:

- Source materials responsibly and ethically
- Avoid sourcing 3TG minerals that directly or indirectly finance armed groups
- Implement appropriate due diligence measures within their supply chains
- Provide declarations or documentation upon request regarding the presence and origin of conflict minerals

Where relevant, suppliers may be requested to complete standardized reporting templates such as the Conflict Minerals Reporting Template (CMRT).

5. Due Diligence

Given the nature of our products and supply chain structure, Stylgame Srl:

- Does not directly source 3TG minerals from mines or smelters
- Conducts reasonable inquiry with relevant suppliers when required by customers
- Cooperates with customers in providing necessary documentation

If Stylgame Srl becomes aware of any supplier sourcing materials that contribute to conflict financing, appropriate corrective actions will be evaluated.

6. Continuous Improvement

Stylgame Srl is committed to continuous improvement of supply chain transparency and responsible sourcing practices. We will periodically review this policy and update it as necessary to ensure compliance with evolving regulatory requirements and customer expectations.
